Eshima Ohashi Bridge

Matsue Folk Performances

YUUSHIEN Garden in Daikonshima

Conference Venue

Kunibiki Messe (Shimane Prefectural Convention Center)

Address: 1-2-1 Gakuen Minami Matsue City, Shimane, JAPAN 690-0826

Highlights in MMBD2026

Accepted full papers will be published in EI&Scopus indexed conference proceeding. The past **six** MMBD conference proceedings have been **indexed** by **EI&Scopus** smoothly **within 1.5-3 months after publication** in FAIA by IOS Press.

Selected excellent papers will be recommended to related **Scopus/EI/SCI** indexed journals.

Best Oral/Poster Presentations and **Outstanding Reviewers** will be awarded with **free registration** to the next MMBD Conference and a certificate.

The **Awarding Banquet** is set to take place at YUUSHIEN Garden in Daikonshima—a grand garden renowned for its stunning peony displays. While indulging in refined Japanese cuisine, you'll also get to experience live Matsue folk performances firsthand.

A One-Day Field Research in Matsue, Japan: immerse yourself in local history and culture.

Brief Introduction to

Co-organized by Hannan University and HKU SAAS Data Science Lab (School of Computing and Data Science, The University of Hong Kong), MMBD2026 will be held during July 15-18, 2026 in Matsue, Japan. As an annual event, the MMBD conference is aimed at providing a high-level platform for experts and scholars all over the world to share their latest ideas of big data and management and to foster the prosperity of the discipline. MMBD2026 features Special Session on "The Potential of Big Data, Digitalization and AI in a Sustainable Economy" (proposed and chaired by Prof. Yoshihiro Hamaguchi, Professor of Macroeconomics at Hannan University, Osaka, Japan) and Track on "Applied-education and applied-research in AI, Data Science, and Web6.0", the Second Edition (proposed and chaired by Dr. Adela Lau, Deputy Director of HKU SAAS Data Science Lab).

Call for Papers

General Topics

- Management Information Systems
- Management Decision Making
- Human Factor Engineering
- Total Quality Management
- Manufacturing Systems
- Engineering Economy
- Facilities Planning
- Management Strategy
- Logistic System
- Human Resources
- Cost Analysis
- Data Visualization
- Big Data Technologies
- Data Capture and Storage
- Scalable Storage Systems
- Cloud Computing Platforms
- Data Mining Tools and Techniques
- Distributed File Systems and Databases
- Machine Learning Algorithms for Big Data
- Big Data Search, Mining and Visualization
- Architectures for Massively Parallel Processing
- Big Data for Business, Government and Society
- Big Data Analysis in Lifelong Education Management

Track on "Applied-education and applied-research in AI, Data Science, and Web 6.0"

Technical papers, business applications and case studies are welcome.

All posters, student papers, academic papers and industrial papers are welcome.

Topics include, but not limited to:

- Generative AI
- Computer Vision
- AI in Chatbot
- Digital Human
- 3D Modeling
- E-Learning Model
- Distributed/Parallel AI Architecture
- Big Data Hubs
- Blockchain
- AI in Metaverse
- Naked eye technology
- Multi-agent technology
- Cryptocurrency

Special Session on "The Potential of Big Data, Digitalization and AI in a Sustainable Economy"

Special Session on "Lifelong Education"

Special Session on "Big Data Driven Manufacturing and Service Industry Supply Chain Management"

Important Deadlines

Third Round Submission Due
April 15, 2026

Early Bird Registration Due
April 30, 2026

Final Edited Versions of Accepted Papers Submission Due
May 25, 2026

Estimated Publication Date for Conference Proceedings
Before July 15, 2026

Paper Publication

Submission Requirements

1. Full paper must be written in English ≈ 7 pages typeset according to FAIA template;

2. Acceptance or rejection will be announced after the peer-review process (about 3-5 weeks);

3. Plagiarism is strongly prohibited;

4. Abstract should be strictly within one A4 page in length containing 200-250 words.

Call for Presentations

Time Allotted for Oral Presentations

Keynote 40 mins

Invited 20 mins

Regular 15 mins

Notes: Each presentation includes 3 mins for preparation and Q&A / discussion.

Organizing Committee

Conference Chair

Prof. Yoshihiro Hamaguchi, Professor of Macroeconomics, Hannan University, Japan

Technical Program Committee(TPC) Co-Chairs

Prof. Nao-Aki Noda, Kyushu Institute of Technology, Japan

Prof. Kazuhiro Oda, Oita University, Japan

TPC Member Representatives

Prof. Rocky J. Dwyer, Walden University, USA

Prof. Gautam Srivastava, Brandon University, Canada

Prof. Patrizia Garengo, University of Padua, Italy

Prof. Luís Gomes, Polytechnic of Porto, Portugal

Prof. Galina Ilieva, University of Plovdiv Paisii Hilendarski, Bulgaria

Prof. Antonio J. Tallón-Ballesteros, University of Huelva, Spain

Assoc.Prof. Angeles Sánchez, University of Granada, Spain

Assoc.Prof. Cristian Barra, University of Salerno, Italy

Dr. Piotr Sliż, University of Gdansk, Poland

Keynote Speakers

Prof. Wei-Bin Zhang, Ritsumeikan Asia Pacific University

Prof. Yoshihiro Hamaguchi, Hannan University

Dr. Adela Lau, The University of Hong Kong

Invited Speakers

Prof. Filiz Ersöz, Ostim Technical University

Prof. Dimiter Velev, University of National and World Economy

Assoc. Prof. Martin Lukáš, Czech University of Life Sciences Prague
